48th Issue, April 13, 1947

REMEMBER BILL BISHOP?

Communism in the Colleges

(From NEWS AND VIEWS, published by the Church League of America, Chicago, Ill., edited by George Washington Robnett, who recently won a libel suit against John Roy Carlson, writer of Walter Winchell's pet, UNDER COVER).

(continued from last week)

AYD quit publishing "Spotlight" as its official organ in April, 1945, and started a new publication called "AYD IN ACTION." This magazine is edited by Aaron Weissman, Nat Pearlman, Henry Cooperstock and Sig Shlakman. The June (1945) issue carried a picture on the front page showing Vincent Sheean (the well known writer who incidentally is mentioned ten times in the reports of the House Committee on Un-American Activities) addressing 1,400 people at a New York AYD meeting and warning them that Franco is a "threat to peace and security by his mere existence." This is straight Communist party-line stuff at the moment. Also shown on the front page is Dr. E. K. Barsky addressing the same group. Barsky and his joint Anti-Fascist Committee crowd have been recently cited for contempt by the House of Representatives. Barsky was telling them that the House Committee on Un-American Activities must be destroyed. Another picture in the magazine shows Martin Mitchnick, Educational Director, Wayne University AYD, speaking at the opening rally of Michigan's AYD Convention.

In this same issue of the AYD magazine, Herb Nalibow had an article entitled "A Communist Answers Red-Baiting." His argument was that any criticism of Communism is "red-baiting" and therefore bad. Vivian Levin wrote an article boosting AYD to the skies and Herm Schuckman presented a program to boost AYD growth. Mollie Lieber, head of AYD in Chicago, wrote on the wonders of youth in Europe (where she had recently been) and told how the Young Communist

Leagues had played so noble a part. Leon Wofsky, in this same issue, told how a New York Council had been formed, made up principally of AYD and Jewish youth groups. Another article by Sy Friedman told of the work of the AYD in Newark and Nat Pearlman wrote on the mechanics of AYD propaganda.

(continued on page 3, col. 2)

SPOTLIGHT on JAKE PLOTNIKOV

Why does Immigration Inspector Jake Plotnikov (at present personnel director at Ellis Island Hospital) ask this test question of subjects given "hearings" before him:

"Would you attempt to overthrow, sabotage or work against a Communist Government of the U.S.A.?"

The answer to this question determines how Mr. Plotnikov reports upon a subject's admissibility!!!

Why do officials of the Immigration Department exert such diligence and pressure to deport subjects in their hands on Ellis Island, especially people known to be anti-Communists, into Communist-dominated areas of Europe and thus to certain death or slave-labor camps, while simultaneously every consideration is given to Reds who arrive as stowaways, call themselves "anti-Fascist refugees" (exactly like Eisler), and they are granted time and facilities to arrange for safe departure to Central or South America, instead of being forced to return to Europe?

The answers to these questions will tell us why Reds in the Immigration Department, just like Jake Plotnikov, have the power to keep in jail for six years a guiltless man who has committed the crime of being an aggressive anti-Communist — Gerald Bishop.

STARTLING SERIES OF PERSECUTIONS OF VETERAN ANTI-RED REVEALED IN PUBLIC APPEAL FOR JUSTICE FROM FEDERAL GOVERNMENT

It is an easy task to promote the cause of one who is popular, but it is far from easy to champion the cause of a man who has been smeared and persecuted by powerful Reds who grew brazen and bold while they ruled F.D.R.'s administration. We accept and welcome the task of exposing the persecution of William Gerald Bishop, who had the courage to defy the Communist element in the New Deal at a time when this element had the power to smear and crush every man who defied them. Well known men with influence like Colonel Lindbergh and Senator Nye were crushed in just this way.

THINK WEEKLY has thoroughly investigated Bill Bishop's case. He is guilty of being an anti-Communist; that is his only crime. And for this crime he is to be deported and killed by Stalin's agents as they are eliminating all anti-Communist leaders in Europe.

We ask our readers to pray for Bill Bishop. And if we are Americans worthy of the name we will not shrink from our duty to fight for him. Here is his story:

REMEMBER ME ?

I'm Bill Bishop, remember?

Remember all the scare headlines and radio hysterics about me? They can't convict me and they don't dare give me a trial or a full hearing, yet they don't release me.

Remember five to twelve years ago, all the press, pamphlet, brochure and radio CONSPIRACY TO SILENCE BISHOP? which the Communist strategists and their stooges have now turned into a CONSPIRACY OF SILENCE ABOUT BISHOP.

(continued on page 2, col. 1)

REMEMBER BILL BISHOP?

(continued from first page)

Remember "It's a Stuck Pig That Squeals", and remember how the Commie press squealed at my documented reports, which administrative bureaucrats in Washington suppressed, just as my present petitions for justice are ignored while Constitutional, Congressional and Court rules about expediting speedy, public and fully impartial trials are denied.

PLAYING BOTH ENDS

Remember how the Commies called me a Bundist and how Nazis called me a Commie, and how the Rogge agents in the F.B.I. wobbled around confusedly trying to pretend they believed both stories and seeking evidence to support the hysterical hallucinations of "Jergen's Jerk"? I have now learned that the Communists were also secretly calling me a Communist in order to discredit my reports of what I had seen and heard while an Allied Interne in an Austrian Concentration Camp thirty years ago.

Remember how I used to warn our leaders of church and state against doing business with agents of any of Europe's totalitarianisms? Tell me, when did you go on record against the sham, spurious glitter of totalitarian propaganda promises and the dull, dirty realities of totalitarian performances, or are you still only half convinced of the folly and danger of Balkanized concepts of hyphenated ideologies? Do you believe you can reconcile our American belief with some Labor-state, Capital-state, Religious-state or Race-state project promoted by political strategists and gullible stooges, whose class and caste minority-rule propaganda is so foreign to a representative constitutional republic such as ours?

I was born in Salem, Mass., June 27, 1900, and spent the first nine or ten years of my life around Boston, Toronto, and London. I barely remember my American father (a mining engineer) and most of my schooling, both in these years and later, was with children taught by my mother (an English teacher and governess). The four years prior to the first World War my mother and I were in cities of France and Switzerland and we went to Vienna just before the war, as she had been engaged to teach the children of an Austrian family. Instead, we were confined with other Allied prisoners at Saint Pollens until the revolution, and it was then I first saw Communism in action. I escaped in this unsettled period and got back to England but, being without friends or credentials, I found myself a war-displaced refugee in depression-plagued lands where it was a crime for anyone not in uniform to be

without police papers. After various border adventures, I took the only practical way out and enlisted at the Spanish Consulate in Rotterdam and served in the Riff War in North Africa, and returned to the U. S. in 1926.

Termite Attacks on Constitution and Religion

Remember my warnings against the termite tactics of those who were using press and radio media to popularize (especially in youth movements) those who were teaching Marxian and Freudian political and religious ideology utterly contrary to our American concepts? Are there any of you still so blind as not to see the direct and planned relation between our eleventh hour war preparations, our confused world policies, our secular programs and our adult and juvenile delinquencies, and the Communist perversions of liberal and democratic impulses? My own long detention in various bureaucratic controlled centers merely confirmed what was clear to any reader from the propaganda I saw pouring into the C.C.C. outfits years ago when my warnings went almost unheeded, except by those guilty ones who feared to have the truth recognized.

Remember all the headlines in May, 1935, when I was first arrested, investigated and released? Remember the second time, in January, 1940? Remember the third time, in July 1940? Then came the war and the Communist strategy (of working through their agents and fronts on the public payroll) when those experts in the bureaucratic know-how of by-passing executive and judicial officials instigated the hush-hush policy, transferring me, and others, on kangaroo hop flights from jurisdiction to jurisdiction. After my fourth arrest, in 1942 (an administrative detention without indictment or trial) I was shipped to Fort Lincoln, North Dakota, and held incommunicata until U. S. Judge Vogel started to investigate and the press reported his determination to hold hearings of the "scandal"; then early Christmas day, 1943, a double guard rushed me out of his jurisdiction to a new hide-away from justice at Kenedy, Texas, where I was punished for "illegal" correspondence with the Attorney General of the U.S. (administratively it is a crime to seek redress from executive and judicial offices). When the "scandal" of my incarceration became too much for Texas to stand, I was sent to New Mexico for the oblivion of a swastika-decorated camp and later to the supervision of a Japanese detention center. Then U. S. Judge Colin Neblett of New Mexico freed me, because my prosecutors could make no valid charge against me and, after nine years of investigation, had no proof to ex-

plain why they were holding me. This was December 11, 1944, but I was secretly arrested as soon as I got out of the judge's sight and spirited from the jurisdiction to be again detained without bail, indictment or trial; for apparently the bright administrative minds of the Expulsion Section agree with Winchell, Rogge & Co. that, because I was a prisoner of the Austrians when the Communists came into power, I should now be turned over to our co-belligerent behind the iron curtain for them to deal with as they please in the light of my long fight against them.

Remember me and remember others. Remember the Winchell Lie and the familiar Communist "Whipping-boy" formula. Remember they have never convicted me of any offense against our country's laws, ordinances or statutes, and only once was Rogge able to high-pressure any Grand Jury into indicting me. In that famous fiasco prelude of the later sedition flop prosecutions in Washington, the trial jurors found in my favor two to one and the charges were dismissed. Four times have federal prosecutions by Communist-inspired stooges ended in my favor, but fellow traveler bureaucrats never concede that defeats they do not appeal furnish any protection for their victims. Thus, in spite of all rules of Res-Adjudication or Double-Jeopardy, they have gone on, proceeding after proceeding, for twelve years, detaining, investigating, and impoverishing me, while denying me every civil and constitutional right in the book in order to save the faces of my more or less pseudonymic accuser and persecutors, on or off the public payroll.

Remember that some people judge a man by his friends, some by his enemies. I have some mighty loyal and fine friends but probably you do not know them, so judge me by my enemies. I'm really very proud of my enemies and quite willing that you judge me by what you know of them. I want and expect no help or understanding from any herd-mind who believes in adolescent hypocrites like Walter Winchell, Oetje J. Rogge, Leon M. Birkhead, James M. Sheldon (if that is his name), Dorothy Kuhn-Wurzberger-Mueller-D'Oxylon, the more multi-aliased Derounian, Benjamin Plotkin, Jacob Aaronson, Michael Stern, Adrian B. Lopez, William F. Kelly, Edward J. Ennis, Sam Brodsky, Herbert Weck-sler, and Harry Ratzke.

Whipping-Boy Technique

Remember other examples of the notorious Winchellian whipping-boy formula so popular with professional witch-hunters whose activities prove nothing except the malice and incompetence of bureaucratic-minded employees in administrative posts who

usurp executive or judicial functions. That formula consists of four major steps or ingredients: (1) reporting anonymous slanders alleged to be from unnamed official sources, (2) attributing to some usually destitute person a controversial quotation lifted from the speech of some prominent person who dare not be attacked directly, (3) clamoring then to have the whipping-boy detained or prosecuted under some complicated statute and preferably at some place so far from the home of the accused as to assure the absence of any local sympathy with or knowledge of the facts of the case, and, (4) claiming credit for having exposed conditions, which exist only in the hysterical sensation-obsessed minds of the witch-hunters.

By heredity, environment and experience, I am convinced that Anglo-American concepts of social, economic, political and religious freedoms are the only practical principles, and the only ones which will attract educated people. Whatever our faults, we have the best plan and least susceptible of abuse systems and this is recognized even more by enlightened people of totalitarian and purge-ruled countries than in lands where double-talking lobbies, factions and minorities have not been able to frustrate the idea of majority rule.

Passivism and appeasement are as foreign to our American temperament as is tolerance of marauding aggressions of foreign directed agents. For us to advertise to the world that we will not fight for the basic things we believe is not only misleading but is a downright lie, the same downright lie promoted by maudlin sentimentalists who encouraged the Italian, Japanese, and Nazi aggressions which we had to curb at a price we could have saved, had our will to resist and the things for which we would fight been frankly stated in advance.

No one who loves liberty should have any reason to fear what Anglo-American forces intend to maintain and strive for and anyone who opposes the basic things we have fought for and fight for again is either still adolescent minded or else is an aggression plotter.

WILLIAM GERALD BISHOP

KARL MARX SAID:

"Christian brotherly love has been tried for eighteen centuries and found wanting. I will found my (Communist) movement on a more dynamic force — class antagonism and the dictatorship of the proletariat."

COMMUNISM IN COLLEGES

(continued from first page)

COMMUNIST PRESS PRAISE IS ALWAYS A TIP-OFF. AYD is one of Communist's most coddled pets. Rarely an issue of the Daily Worker appears without AYD mention. On Aug. 14, '46, it showed a picture of AYD boys and girls **distributing leaflets in downtown Detroit supporting the notoriously Communist-dominated NMU's Great Lakes strike.** On June 7, '46, the Daily Worker carried a display ad and write-up of an AYD Youth Rally in New York supporting the same radical union.

The Daily Worker (Aug. 12, '46) carried a story telling about a crusade against price rises in Philadelphia. It said: "More than 150 neighbors and representatives of CIO unions, AYD and other groups picketed for two hours . . ."

ONE OF THE MAIN PURPOSES behind the Communist effort to organize youth is to get them into picket lines — and make them "strike conscious." Another main angle is to hammer away on "Fascists" until they can make American youths believe that every anti-Communist and every business man is a "native fascist." **AYD literature is devoted not only to those issues but also to glorifying the CIO — dramatizing the Negro issue and anything else that will inflame emotions — and divide our people. Communist strategy is to cause turmoil, unrest — disruption.**

The Communist Sunday WORKER (Sept. 16, '45) gave Phil Schatz, National Educational Director of AYD, a full page for an article on "Youth Wants Jobs — Not Hoover Apple-sauce." He gave AYD a typical Communist activity record. **AYD is stirring youth up on every issue that trains for unrest and revolutionary action.** In Cleveland, Ohio, AYD led a trouble-stirring drive to force a mixing of races at Euclid Beach Park swimming pool — and AYD, buttressed by a reporter from the Daily Worker, did the same thing at Woodside Amusement Park in Philadelphia. Both were privately-owned parks.

AYD was one of the most active Communist-fronts in fighting to save OPA. In Chicago four young men labeled "Taft", "Wherry", "Brooks" and "O'Daniel" marched through the streets as pallbearers carrying a coffin labeled OPA. At Cleveland in July, 1946, the Ohio AYD hanged Senator Taft in effigy at an "OPA rally."

President Bevis of Ohio State University, in April of 1946, withdrew recognition of AYD following an investigation that disclosed: "The dominant clique in Ohio State Youth for

Democracy has persistently pursued a purpose at variance with the representation upon which recognition was granted." University officials said: "We now have conclusive evidence that the Communist Party looks upon the Youth for Democracy group as part of its organization and as media for the spread of party doctrines."

On January 7 of this year, certain members of the AYD club at the Navy pier branch of the University of Illinois withdrew and **denounced AYD** as "a tool of the communist element in this nation." Mrs. Mollie Lieber, head of the Illinois AYD, admitted (according to the newspaper story) that she had been a Young Communist League organizer. When that was disbanded and AYD organized, she became an AYD organizer.

In February, 1946, Governor Kim Sigler of Michigan ordered an investigation of AYD at the State University and at Wayne University in Detroit. The Communists and their sympathizers immediately turned their spray nozzles of smear on the Governor. The "Michigan Herald", a new Communist-dominated newspaper, is leading the fight for AYD.

This organization is moving rapidly into our high school and college campuses and while in each instance the two or three who run the show of each unit are part of the Communist network, the great number of youths enticed into the movement are completely innocent of its real nature and guidance. They are moved by youth enthusiasm and are sympathetic with the sugar-coated purposes for which AYD claims to stand. The situation is well-stated by J. A. Reeves, Superintendent of Schools at Everett, Washington, where AYD activities were recently exposed and restrained. He said: "Young people enjoy joining societies, and it is the responsibility of the parents as well as the school authorities to look into the purpose and the adult leadership of these societies."

Every educational community should be vigilant and determined in meeting the challenge of these deceptive and seductive Communist-front (Trojan horse) organizations that have now become so active in this country. It is clear that this Communist invasion of America is a bold and determined movement and that it must be met with courageous American action. It must be destroyed — or it will subvert our youth and destroy everything that is fine and noble in our traditional American way of life. Now is the time for every parent and every school administrator to wake up and take action. Let's keep American youth clean and clear of Communist taint.

UNIVERSITY OF CHICAGO PROFESSORS AID REDS TO WEAKEN GOVERNMENT

Since 1933, Moscow has been conducting summer courses for American educators. Professors from twenty-four American universities have been cooperating in sponsoring special sessions at the Moscow University. One of these "sponsors" is Robert M. Hutchins, President of the University of Chicago. In order to see what a good job Mr. Hutchins' university is doing for Stalin here in the U.S.A. in breeding disrespect for America and her institutions, we name **only three** of the professors who have established this as a Red Incubator:

1. **Professor Oscar Lange**, who renounced his American citizenship so he could become a servant of Stalin as Ambassador to the U. S. from Communist-ruled Poland. If he had been called a Communist the week before he resigned from the university, Professor Lange would have denied it, as all Communists have taken an oath to do. Now we know he is, and was, a Communist as are many other professors who are being paid by American taxpayers to corrupt the mind of our youth.

2. **M. J. Adler**, professor of the University of Chicago, on October 28, 1945, at Cleveland, Ohio, told four hundred students: "We must do everything we can to abolish the United States". Adler is a Communist working for World Government.

3. Page 1786, Congressional Record, March 6, 1947, states the following: "Cong. Gearhart: Mr. Speaker, in my hands I hold a newspaper clipping from the Syracuse (NY) Post-Standard of Feb. 16th. In this article it is revealed that **Milton Mayer**, a University of Chicago Professor, addressing a meeting of One Worlders in Syracuse, unbossomed himself in the following words, which I quote: 'We must haul down the American Flag and if I wanted to be vulgar and shocking I would go even further, and say haul it down, stamp on it, and spit on it'."

"And this article contains the startling information which I quote: 'Most of the nearly two hundred persons attending the meeting greeted Mayer's statements with prolonged applause' "Mr. Rankin—"Mr. Speaker, will the gentleman yield?"
"Mr. Gearhart—"I yield".

THINK WEEKLY issue of August 18, 1946. Do you have this issue? If so, we will be glad to send you a copy of the pamphlet "Smear Terror" in exchange.

"Mr. Rankin—"You will find those subversive professors are being subsidized by somebody who wants to destroy the Government of the U.S. When will the American people wake up to the fact a small, noisy, brazen minority, well-financed, are out to destroy our government?"

And, we might add, they are smart enough to have John D. Rockefeller Jr. contribute heavily to this university and contribute an eight and one-half million dollar real estate donation to U. N., the preliminary framework for World Government (World Slavery). John D., having oil interests over the world, is undoubtedly aware that many countries are falling into the hands of Communists; and he has probably read Dale Carnegie's book, "How to Win Friends and Influence People"!!!

JOINT ANTI-FASCIST REFUGEE COMMITTEE MEMBERS ARRESTED

In our issue of October 27, 1946, we exposed this organization which promotes Communism, revolution, and wholesale murder throughout the world. Again in the 45th issue of March 23, 1947, we listed the directors and their location and urged President Truman to either see that they were sent to the Penitentiary or admit he was afraid.

We are happy to note April 4, 1947 papers carry the news that all sixteen have been arrested. If they are not tried in a reasonable time, we will know Communist influence has been used in the right place.

Many people **TALK** against Communism but it is **action** that counts. Order a bundle of papers (3 cents each) to pass out at meetings, to give to your associates at work, or to enclose in your mail. We find that an average of five people read each copy of **THINK WEEKLY**. This is money well spent to expose the Red Traitors.

COMMUNISM WOULD HELP KILL OUR FREE ENTERPRISE

"America must awaken to the dangers of free enterprise!

"Do you realize that the United States has less than 7% of the world's population — but it has 54% of the world's telephones, 84% of the world's automobiles, nearly half the radios, 92% of all the bathtubs on this planet, 50,00,000 savings bank accounts, and 70,000,000 life insurance policies?

"Furthermore, Americans spend over \$4,000,000 a day just for tickets to the movies alone!

"This is unfair! We have more than our share of everything. What is to blame for this state of affairs? Free enterprise! It is appalling to think that a mere 7% of the world's population should be in a position to take 92% of the world's tub baths!"

If we could only have Communism, we would be able to correct all this!

LADIES:

This is Your Chance to Do Something Active and Important in This Campaign Against Communism.

A bazaar is to be held in the vicinity of Newark in three or four weeks. Full details will be published shortly. All proceeds from this affair will go to support **THINK WEEKLY**.

We need articles for sale and for grab bag items. Look around the house; see what saleable things you have on hand. We all have hidden in the attic or in a closet many useful articles in good condition which we ourselves will never use; but someone would be glad of the opportunity to buy such items.

Let's get behind this affair and make it a big success. It's your turn, ladies, to do your part in this important work. All contributions should be sent to Mrs. Lisbeth Horn, 103 Melville Place, Irvington, New Jersey, Chairman of the Bazaar Committee.
